

Sherif Shawashen

Software Engineer | Backend Developer | USAID Scholar

sherifelglaly@gmail.com - [linkedin.com/in/sherif-elglaly/](https://www.linkedin.com/in/sherif-elglaly/) - github.com/ELglaly - elglaly.github.io/Sherif-Elglaly/ - +201026386402

EDUCATION

Bachelor of Science in Computer Science - Software Engineering

Assuit University, Egypt (Sep 2021 - Sep 2025)

- **GPA:** 3.66
- Ranked **4th** in department
- **Scholarship Achievement:** Selected as one of 140 full scholarship recipients for the USAID Scholars Activity program, funded by the (USAID) and administered by the American University in Cairo, to complete my undergraduate degree.

Exchange Student, Computer Science - Software Engineering

University of Arizona, USA (Aug 2024- Dec 2024)

- **GPA:** 4.00
- **Term Honor:** Dean's List with distinction – Full time
- **Scholarship Achievement:** Successfully awarded full scholarship funding to cover semester abroad expenses

English Vocational Program, School of Continuing Education

The American University In Cairo, (Sep 2021- Apr 2024)

ACCOMPLISHMENTS

Game of coders Contest Finalist | [link](#)

ICPC Mansoura

Jul '23

- Awarded for achieving a top 10 position in the ICPC Mansoura Game of Coders competition, demonstrating exceptional coding skills and teamwork.

Pre-Incubation Program | [link](#)

Ministry of Communication | ITEDA

July 2023 – Sep 2023

- Led a team of 4 in developing the **Green Dream** platform.
- Positioned the platform as one of the top startups platforms, earning selection for the pre-incubation program.

Entrepreneurship Program Finalist | [link](#)

AUC Center for Entrepreneurship and Innovation (CEI)

Jan'24

- Successfully completed an intensive entrepreneurship program at AUC CEI. Pitched the 'NextGen' project, leading to securing 30K in seed funding.

Research and Creativity Convention (EURECA) | [link](#)

The American University in Cairo

Feb '24

- Received a Certificate of Recognition for presenting "Dr. Plant" at the 18th Annual Conference for Excellence in Undergraduate Research, Entrepreneurship, and Creative Achievement (EURECA).
- Developed **Dr. Plant**, a user-friendly mobile app to help farmers protect crops from diseases and pests, improving agricultural productivity.

First Place Winner at Hult Prize Competition | [link](#)

Hult Prize Assuit University.

Apr 2024

- Achieved first place in the Hult Prize competition at Assiut University.
- Developed a biofuel production project leveraging bacterial fermentation and agricultural waste.
- Produced eco-friendly by-products, including bio-gas, demonstrating innovation and sustainability.

EXPERIENCE

ERP Developer Intern

Contact Financial Holding

Sep '25 - Present

- Developed and optimized complex PL/SQL stored procedures, functions, and packages for automated business process.
- Work on responsive web applications using Oracle APEX for financial reporting dashboards and user management.

Software Engineer

Wavemakers United

May '24 - Aug '24

Remote

- Collaborated with the team to develop the Educational Platform, defining system requirements and ensuring alignment with user needs.
- Led the creation of the Software Requirements Specification, covering functional and non-functional requirements.

Software Engineer Intern

Sep '23

AI Mostakbal technology

- Engaged directly with customers to gather detailed requirements that aligned with their needs.
- Collaborated with senior developers to implement coding algorithms and data structures, optimizing performance.

Problem-solving Mentor

Oct '22 - April '23

ICPC Assuit

- I Served as a mentor for newcomers at Assiut University, guiding them in developing effective solutions.

Mentor at SDGs Ambassadors program

Jan '24 - Apr '24

Green Assuit University initiative

- Guided and supported individuals in their pursuit of sustainable development goals (SDGs). .
- Provided mentorship to participants, fostering their understanding of environmental issues and sustainable practices.

PROJECTS

Roadmap Generator | github.com/ELglaly/Roadmap-Maker

AI-powered roadmap API using Spring AI that generates personalized roadmap based on user profiles.

- Boosted performance 60% by implementing Redis caching for frequent queries (300ms response time).
- Secured system with JWT authentication, OAuth2, email verification, and Authorization using spring Security.

E-commerce Web API | github.com/ELglaly/Ecommerce-SpringBoot

Scalable backend system for online shopping platforms

- Engineered 20+ API endpoints with Spring Boot handling product management, user auth, and orders
- Applied object-Oriented Programming (OOP) principles, Design Patterns, and SOLID Principles.
- Conducted unit testing with JUnit 5 and integration testing using Mockito, achieving 90%+ test coverage.

Compiler Design Project for Arabic Language | github.com/ELglaly/Simple-Arabic-Compiler

- Designed lexical analyzer and parser using automata theory with 95% accuracy in syntax validation.
- interactive web interface (ASP.NET MVC) to visualize tokenization and parsing, helping users debug code 40% faster.

WHO Life Expectancy Data Mining | [ELglaly/WHO](https://github.com/ELglaly/WHO)

- Analyzed global life expectancy data using R, RStudio, and Tidyverse.
- Performed data cleaning and created visualizations to identify trends.

Operating System Design | [ELglaly/Simple-Shell-OS](https://github.com/ELglaly/Simple-Shell-OS)

- Designed an operating system in C# using OOP, incorporating essential algorithms and data structures.
- Focused on resource management and process scheduling.

TRAINING

Be an Ambassador" initiative | [link](#)

Aug '23 – Oct '23

Ministry of Planning and Economic

- Successfully accepted into the program and completed Training of Trainers (TOT) sessions.
- Delivered a presentation with 5 team members on sustainable development.

Leadership Program | [link](#)

Jun '23 – Aug '24

Aspire training solution

- Studied diverse topics, including self-awareness, life parasites, the principles of servant leadership, and how to be a team worker.
- Gave a presentation on Business Development, showcasing effective communication.

Employability Training | [link](#)

Jul '23

Aspire training solution

- Gained expertise in resume building, interview preparation, and professional networking.
- Enhanced communication, teamwork, and problem-solving abilities to improve workplace performance.

Problem Solving Training

Jan '22

ICPC Assiut

- Participated in competitive programming training to enhance algorithmic thinking and problem-solving skills..

CERTIFICATIONS

- Amazon Junior Software Developer – Amazon | [link](#) May '25
- Generative AI in Software Development – Amazon | [link](#) May '25
- Full Stack Web Development – Amazon | [link](#) Jan '25
- Database Structures and Management with MySQL - Meta – Coursera | [link](#) June '24
- AWS Academy Graduate - AWS Academy Introduction to Cloud Semester 1| AWS Academy | [link](#) Dec '24
- Sustainable Development Trainer - Ministry of Planning and Economic Development – Egypt | [link](#) Sep '23
- Certificate of Qualification: ECPC 2023 | [link](#) Aug '23

- **Introduction to Data and Data Science** | 365 Data Science | [link](#)

VOLUNTEERING & ACTIVITY

-
- | | |
|---|--------------------------|
| ▪ PR member at EYouth - Ministry of Youth & Sports of Egypt | <i>Jul '22 - Dec '22</i> |
| ▪ Competition Team Member - Hult Prize Assiut University | <i>Oct '22 - Dec '22</i> |
| ▪ Vice head of Event Planning Committee – Active Assiut | <i>Oct '22 - Jan '23</i> |
| ▪ Logistic Organizer Volunteer – American University in Cairo, Summer Camp | <i>Jan '23</i> |
| ▪ Presenter Member Green Assiut University initiative. | <i>Mar '22 – Jan '23</i> |
| ▪ Head of the Presentation committee - Green Assiut University initiative | <i>Jan '23 - Apr '24</i> |
| ▪ Presenter Member – Enactus Assiut | <i>Apr '23 – Aug '23</i> |
| ▪ Entrepreneurship Club Conference Participant Assiut University | <i>Mar '23</i> |
| ▪ The European Union visit Organizer Volunteer Assiut University | <i>May '23</i> |
| ▪ Logistic Organizer Volunteer – American University in Cairo, Winter Camp | <i>Jan 2024</i> |

SKILLS

-
- **Programming Languages:** C# - C++ - Java – JavaScript - Python.
 - **Development Principles:** Design Patterns - SOLID Principles - Data Structures & Algorithms – OOP – Agile.
 - **Web Development:** HTML – CSS – React.js - Redis - JWT & OAuth 2.0- Spring boot – Spring MVC – Spring Data JPA – Spring Security – AWS fundamentals - RabbitMQ
 - **Tools:** IntelliJ IDEA – Swagger – Postman – Git & Github.
 - **Testing:** JUnit 5, Mockito.
 - **Database:** MySQL, SQL Server.
